

Peace and Earth meeting May 16, 2010

Present: Kitti, Jen, Pat and Susan

We had a discussion about Turtle's request for a presentation on Rwanda and her upcoming peace making mission there. This was due to happen on May 25, 2010 and the idea came from a fellow member of our Meeting, Jim C. No one on Peace & Earth was available to open up the meeting house for this event. Kitti will announce at rise of meeting that someone needs to host this event and open the Meeting House if it is going to happen.

Pat brought up the fact that we have a little over \$200 in our general outreach fund. We had a short discussion on what to do with the money. We had cut back on all the organizations we funded earlier this year, so we might reinstate something – like FCNL or AFSC.

We had a discussion on doing further work on grounds in the fall. The next date for Peace and Earth to host feeding people at Pritchard Park is July 18, 2010. We are still collecting for Manna Food Bank.

Margaret Normile is no longer on Peace & Earth committee.
